Coal Creek Alex Miller

Je découvre ainsi Alex Miller un auteur qui a sans contexte mérité ses lettres de noblesse dans le monde de la littérature en dépeignant avec virtuosité des destinées tragiques dans son pays natal. Dans Coal Creek vous allez découvrir l'histoire de Bobby Blue, un jeune homme entrant au sein de la police dans l'Etat du Queensland.

Coal Creek - Alex Miller - Phébus

Alex Miller Coal Creek I am not one to judge a book by its cover. In most cases I don't even notice the cover, as I'm too eager to see what's inside. But for some reason I did look at the cover of this novel sent to me by Real Readers and immediately Brokeback Mountain came into my head, the short story not the film. And whilst I am not offering a comparison between this writer and Annie ...

Coal creek - Alex Miller - Librairie numérique

Miller's exquisite depictions of the country of the Queensland highlands form the background of this simply told but deeply significant novel of friendship, love, loyalty and the tragic consequences of misunderstanding and mistrust. Coal Creek is a wonderfully satisfying novel with a gratifying resolution. It carries all the wisdom and emotional depth we have come to expect from Miller's ...

Fiction - paperback; Allen & Unwin; 304 pages; 2014. Review copy courtesy of the publisher. Coal Creek, published in the UK earlier this year, is typical of what I have come to expect from Alex Miller's writing: quietly understated prose, slowly paced narratives, characters who are deep thinkers and themes which are universal. Outback life This...

he migrated alone to Australia at the age of 16. He worked as a ringer in Queensland and as a horse breaker in New Zealand before studying at night school to gain university entrance. Miller graduated from the University of Melbourne in English and History in 1965.

Alex Miller (writer) - Wikipedia

Alex Miller migrated to Australia when he was only 16 and his first job was as a ringer in outback Queensland. That early experience in the Australian outback informs a number of his works, including Coal Creek, set in the fictional community of Mount Hay. Situated inland from a larger coastal town, this is the type of place people leave to go to the coast.

Coal Creek is the first Alex Miller book I have read and it drew me in from the first page. Miller's rich detailing of the landscape and the 1950's life in general brings the wild nature of outback Queensland to life but it is Bobby Blue's distinct voice that carries this novel. Striking in its simplicity and with the slow, easy cadence of those who have grown up in the outback, the prose ...
