Professor Sidney To
Dekkers Drift into
failure looks like an
easy read. Dont be
deceived. It was a very
dense read and took
some time for me to
refresh and learn many
related concepts along
the way - rational
choice theory,
cybernetics, exegesis
and eisegesis,
reductionism, dualism,
epistemology (to name
a few :))

A fascinating
exploration of the
complexity of modern
human societies and

Access Free Drift Into Failure From Hunting Broken

how a drift towards catastrophic failure is built into them. It is marred only by the way the author somewhat labours his essential point: that complex systems have emergent properties which mean that explaining accidents by working backwards from the particular part of the system that failed will never provide a full ...
