### Full text of "The New Science Of Giambattista Vico"

Giambattista Vico was an Italian political philosopher and rhetorician, historian and jurist, of the Age of Enlightenment. He criticized the expansion and development of modern rationalism, was an apologist for Classical Antiquity, a precursor of systematic and complex thought, in opposition to Cartesian analysis and other types of reductionism, and was the first expositor of the fundamentals of social science and of semiotics. The Latin aphorism Verum esse ipsum factum coined by Vico is an earl
