An Omnigear is a Gear that has been fully awakened by the power of an Anima Relic. Unlike normal Gears, Omnigears have no physical controls, and instead interface telepathically with their pilots. They are obtained individually as upgrades to the Gears piloted by a number of playable characters, and are among the most powerful Gears in the game. Their design seems to be more "organic" than ...

Xenogears is a different kind of RPG for Square—and not just for its anime flavor or unique combat system. This is Square's most story-driven game to date (yep, more so than FFVII). You spend as much time watching cinemas (most of which use the slick in-game engine) as you do playing. It makes for a long adventure that takes a while to get into.
